AWARDS

A PERSONAL NOTE

Hi, I'm Sean Mauricette a.k.a. SUBLIMINAL, and my passion is inspiring and motivating our youth! As a teen, I remember my mother using the phrase "Nothing ventured, nothing gained" when ever I felt like giving up or not trying. It is because of those words I learned the importance of never giving up, trying new things and that even through failure comes opportunities...the key is to keep learning. Today, I am lucky enough to be able to take that message around the world to a group of individuals who need it most: our students.

My goal in every motivational talk is to: 1) Use my various skill sets to connect with the audience in a way that they find interesting and can understand. 2) Give them the tools to make the right decision in a variety of situations. And 3) Motivate them to take that next step in their lives. As Dr. Martin Luther King Jr. once wrote: "...you don't need to see the entire staircase, just take that first step."

I look forward to working with your school/organization to bring the important messages surrounding leadership, opportunity and education to your students.
